SUMMARY

Dedicated professional with excellent communication, interpersonal, and organizational skills to complete tasks. Reliable with a good work ethic and the ability to quickly adapt to new tasks and environments. A driven and detail-oriented individual with a desire to use analytical and problem-solving skills to meet goals. Ability to analyze data, develop strategies, and provide solutions to complex problems. Seeking to leverage skills and knowledge to contribute to team success.

WORK EXPERIENCE

HOUSINN   **Aug 2024 - Present**
Frontend Developer   *Enugu, Nigeria*

- Collaborated with a frontend developer and developed a real estate platform for buying, renting or selling house properties.
- Collaborated closely with the back-end developer to integrate API calls into the front-end codebase.
- Implemented a security layer to filter the different user categories, improving access control and data protection
- Implement a real time message platform using Socket.io for users and agents to have rapid and seamless communication.
- Collaborated with a frontend developer to build animations, smooth routing and responsiveness of all pages.

HNG TECH   **Jul 2024 - Aug 2024**
Frontend Intern   *Enugu, Nigeria*

- Designed and developed an e-commerce platform for purchasing jewelry using React, Node.js, and Tailwind CSS, achieving a seamless user experience and increasing user retention.
- Integrated cloud storage for product management with an API, streamlining data retrieval and enhancing scalability.
- Built a profile link-sharing application leveraging Firebase Authentication and Firestore to securely store and manage user links, improving accessibility and usability.
- Conducted user behavior analysis in collaboration with designers, implementing changes that improved development workflows and boosted team productivity by 20%.

EARLYCODE LTD   **May 2023 - Sept 2023**
Frontend Intern   *Enugu, Nigeria*

- Developed and deployed a user feed feature using React and Firebase, increasing user engagement and retention rates by 30%.
- Configured OAuth-based authentication using Twitter and GitHub APIs, ensuring secure and seamless login for diverse user demographics.
- Implemented responsive designs and cross-browser compatibility for web pages, enhancing accessibility across devices and increasing site traffic.

GENESYSTECH (LEARNABLE)   **Oct 2022 - Feb 2023**
Frontend Intern   *Enugu, Nigeria*

- Collaborated with a team of front-end developers and product designers to research and analyze user behavior data, resulting in a 20% increase in performance.
- Engineered front-end features using React, Next.js, and Tailwind CSS to deliver high-performance web applications with modern design aesthetics.
- Optimized UI for compatibility across multiple browsers and devices, reducing reported bugs and improving overall user satisfaction.

VOLUNTEER EXPERIENCE

YOUNG AND SKILLED INITIATIVE   **Sept 2024 - Present**
Frontend Developer

- Collaborated closely with the several developers to build responsive and clean webpages.

- Created UI components for reusable codes for a better user experience.
- Implemented several pages according to the Figma platform.

PROJECTS

Belle
- Designed and launched an e-commerce site for purchasing jewelry using Next.js and Firebase, achieving a user-friendly interface and efficient backend operations.

facepal
- An online transactional and chat platform

devlinks
- Created a profile link-sharing app with Firebase Authentication and Firestore integration, empowering users to compile and share professional links with ease.

SKILLS

JavaScript, React, TypeScript, Node.js, Tailwind CSS, Firebase, HTML, CSS, GitHub, Material UI, Figma, Agile Development, Cross-Browser Compatibility, User Experience Design, Responsive Design

EDUCATION

University of Nigeria, Nsukka
Bachelors in Engineering (Electronic and Computer Engineering)
